

## Autumn Epic Rider Briefing - Oct 3rd 2021

Don't come to the event if you are suffering from Covid symptoms, or need to isolate. Wear a facemask when entering the HQ to use the loos

Maintain social distancing at Food Stops

Food is provided in individual brown paper bags, one per rider per food stop

### **Start Procedure:**

THIS IS DIFFERENT - there is no startline. Because there is no timing you do not need to gather in one spot

Instead Rideventures staff (in light blue reflective vests) will come to you in the carpark, they will log your handlebar number and then you are free to set off in your own time. If you come by bike find the starter and get your handlebar number noted, then set off

This is a Covid measure to avoid participants gathering at a startline

### **Start times:**

- Long Route 100mile = 8.30am
- Medium Route 50mile = 9.00am

You can start before these times (once you've been logged by the starter) but be aware you may arrive too early at the first food stop - it opens at 9.30am

Follow the Highway Code

Maintain social distancing

Assistance number to call - 07722 111004

### **Signs:**

Long Route 100mile - follow Yellow signs with Black arrows all way around

Medium Route 50mile - same as Long until the Route Split (mile 30, just after the Food Stop) and then Blue signs with Yellow arrows until you rejoin the Long Route at mile 48 (Knucklas, and just 2 miles to the finish)

**Finish:** complete your ride at the white pergola and then go inside for hot veggie chilli and baked potato meal - available from 12 and free to participants
